Our community offers:

- year round temperate climate, one of the best in Canada
- one of the sunniest areas on the coast
- superb outdoor recreation ranging from kayaking to hiking to swimming
- vibrant arts and music
- affordable housing

We provide community living and child development services.

In community living, we support children and adults with developmental disabilities. We operate group homes and day programs. Qualifications include a community support worker certificate.

In child development, we support children who have a disability or are at risk of developmental delay. We support families seeking child care and the providers of child care. Qualifications range from diplomas in early childhood education to specialized degrees in infant development, speech, occupational, and physical therapy.
