I. INTRODUCTION

Title VI of the Civil Rights Act of 1964 prohibits discrimination on the basis of race, color, or national origin in programs and activities receiving Federal financial assistance. Specifically, Title VI provides that "no person in the United States shall, on the ground of race, color, or national origin, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving Federal financial assistance." (42 U.S.C. Section 2000d).

The Civil Rights Restoration Act of 1987 clarified the intent of Title VI to include all programs and activities of Federal-aid recipients, sub-recipients, and contractors whether those programs and activities are federally funded or not.

Recently, the Federal Transit Administration (FTA) has placed renewed emphasis on Title VI issues, including providing meaningful access to persons with Limited English Proficiency.

Recipients of public transportation funding from FTA and the Virginia Department of Rail and Public Transportation (DRPT) are required to develop policies, programs, and practices that ensure that federal and state transit dollars are used in a manner that is nondiscriminatory as required under Title VI.

This document details how Central Virginia Alliance for Community Living, Inc. (CVACL) incorporates nondiscrimination policies and practices in providing services to the public. CVACL's Title VI policies and procedures are documented in this plan and its appendices and attachments. This plan will be updated periodically (at least every three years) to incorporate changes and additional responsibilities that arise.

Authorities

Title VI of the 1964 Civil Rights Act provides that no person in the United States shall, on the grounds of race, color, or national origin, be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination under any program or activity receiving federal financial assistance (refer to 49 CFR Part 21). The Civil Rights Restoration Act of 1987 broadened the scope of Title VI coverage by expanding the definition of the terms “programs or activities” to include all programs or activities of Federal Aid recipients, sub recipients, and contractors, whether such programs and activities are federally assisted or not.

Additional authorities and citations include: Title VI of the Civil Rights Act of 1964 (42 U.S.C. Section 2000d); Federal Transit Laws, as amended (49 U.S.C. Chapter 53 et seq.); Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970, as amended (42 U.S.C. 4601, et seq.); Department of Justice regulation, 28 CFR part 42, Subpart F, “Coordination of Enforcement of Nondiscrimination in Federally-Assisted Programs” (December 1, 1976, unless otherwise noted); U.S. DOT regulation, 49 CFR part 21, “Nondiscrimination in Federally-Assisted Programs of the Department of Transportation—Effectuation of Title VI of the Civil Rights Act of 1964” (June 18, 1970, unless otherwise noted); Joint FTA/Federal Highway Administration (FHWA) regulation, 23 CFR part 771, “Environmental Impact and Related Procedures” (August 28, 1987); Joint FTA/FHWA regulation, 23 CFR part 450 and 49 CFR part 613, “Planning Assistance and Standards,” (October 28, 1993, unless otherwise noted); U.S. DOT Order 5610.2, “U.S. DOT Order on Environmental Justice to Address Environmental Justice in Minority Populations and Low-Income Populations,” (April 15, 1997); U.S. DOT Policy Guidance Concerning Recipients’ Responsibilities to Limited English Proficient Persons, (December 14, 2005), and Section 12 of FTA’s Master Agreement, FTA MA 13 (October 1, 2006).

IV. NONDISCRIMINATION ASSURANCE TO DRPT

In accordance with 49 CFR Section 21.7(a), every application for financial assistance from the Federal Transit Administration (FTA) must be accompanied by an assurance that the applicant will carry out the program in compliance with DOT's Title VI regulations. This requirement is fulfilled when the Virginia Department of Rail and Public Transportation (DRPT) submits its annual certifications and assurances to FTA. DRPT shall collect Title VI assurances from sub-recipients prior to passing through FTA funds.

As part of the Certifications and Assurances submitted to DRPT with the Annual Grant Application and all Federal Transit Administration grants submitted to the DRPT, Central Virginia Alliance for Community Living, Inc. submits a Nondiscrimination Assurance which addresses compliance with Title VI as well as nondiscrimination in hiring (EEO) and contracting (DBE), and nondiscrimination on the basis of disability (ADA).

In signing and submitting this assurance, CVACL confirms to DRPT the agency's commitment to nondiscrimination and compliance with federal and state requirements.

- A log of the public outreach and involvement activities undertaken to ensure that minority and low-income people had a meaningful access to these activities.

2. Annual Report and Updates

As a sub-recipient of FTA funds, CVACL is required to submit a Quarterly Report Form to DRPT that documents any Title VI complaints received during the preceding quarter and for each year. CVACL will also maintain and provide to DRPT on an annual basis, the log of public outreach and involvement activities undertaken to ensure that minority and low-income people had a meaningful access to these activities.

Further, we will submit to DRPT updates to any of the following items since the previous submission, or a statement to the effect that these items have not been changed since the previous submission, indicating date:

Each year, in preparing for the Annual Report and Updates, the Title VI Manager will review the agency's Title VI program to assure implementation of the Title VI plan. In addition, they will review agency operational guidelines and publications, including those for contractors, to verify that Title VI language and provisions are incorporated, as appropriate.

4. Dissemination of information related to the Title VI program

CVACL will report the complaint to DRPT within three business days (per DRPT requirements), and make a concerted effort to resolve complaints locally, using the agency’s Title VI Complaint Procedures. All Title VI complaints and their resolution will be logged as described under Section 1. Data collection and reported annually (in addition to immediately) to DRPT.

6. Written policies and procedures

Our Title VI policies and procedures are documented in this plan and its appendices and attachments. This plan will be updated periodically to incorporate changes and additional responsibilities that arise. During the course of the Annual Title VI Program Review (item 3 above), the Title VI Manager will determine whether or not an update is needed.

7. Internal education

Our employees will receive training on Title VI policies and procedures upon hiring and upon promotion. This training will include requirements of Title VI, our obligations under Title VI (LEP requirements included), and required data that must be gathered and maintained. In addition, training will be provided when any Title VI-related policies or procedures change (agency-wide training), or when appropriate in resolving a complaint.

Title VI training is the responsibility of Executive Director.

In all federal procurements requiring a written contract or Purchase Order (PO), CVACL’s contract/PO will include appropriate non-discrimination clauses. The Title VI Manager will work with the Program Managers who is/are responsible for procurement contracts and PO’s to ensure appropriate non-discrimination clauses are included.

Section 2000d).

IX. PUBLIC OUTREACH AND INVOLVEMENT

PUBLIC PARTICIPATION PLAN

Introduction

The Public Participation Plan (PPP) is a guide for ongoing public participation endeavors. Its purpose is to ensure that CVACL utilizes effective means of providing information and receiving public input on transportation decisions from low income, minority and limited English proficient (LEP) populations, as required by Title VI of the Civil Rights Act of 1964 and its implementing regulations.

Under federal regulations, transit operators must take reasonable steps to ensure that Limited English Proficient (LEP) persons have meaningful access to their programs and activities. This means that public participation opportunities, normally provided in English, should be accessible to persons who have a limited ability to speak, read, write, or understand English.

In addition to language access measures, other major components of the PPP include: public participation design factors; a range of public participation methods to provide information, to invite participation and/or to seek input; examples to demonstrate how population-appropriate outreach methods can be and were identified and utilized; and performance measures and objectives to ensure accountability and a means for improving over time.

CVACL established a public participation plan or process that will determine how, when, and how often specific public participation activities should take place, and which specific measures are most appropriate.

CVACL will make these determinations based on a demographic analysis of the population(s) affected, the type of plan, program, and/or service under consideration, and the resources available. Efforts to involve minority and LEP populations in public participation activities may include both comprehensive measures, such as placing public notices at all transit stations, stops, and vehicles, as well as targeted measures to address linguistic, institutional, cultural, economic, historical, or other barriers that may prevent minority and LEP persons from effectively participating in our decision-making process.

SOME OF THOSE EFFECTIVE PUBLIC OUTREACH PRACTICES INCLUDES:

- a. Scheduling meetings at times and locations that are convenient and accessible for minority and LEP communities.**
- b. Employing different meeting sizes and formats.**
- c. Coordinating with community and faith-based organizations, educational institutions, and other organizations to implement public engagement strategies that reach out specifically to members of affected minority and/or LEP communities.**
- d. Considering radio, television, or newspaper ads on stations and in publications that serve LEP populations. Outreach to LEP populations could also include audio programming available on podcasts.**
- e. Providing opportunities for public participation through means other than written communication, such as personal interviews or use of audio or video recording devices to capture oral comments.**

SEE APPENDIX E-Summary of Outreach Efforts

X. LANGUAGE ASSISTANCE PLAN FOR PERSONS WITH LIMITED ENGLISH PROFICIENCY (LEP)

LANGUAGE ASSISTANCE PLAN FOR PERSONS WITH LIMITED ENGLISH PROFICIENCY (LEP)

Introduction and Legal Basis

LEP is a term that defines any individual not proficient in the use of the English language. The establishment and operation of an LEP program meets objectives set forth in Title VI of the Civil Rights Act and Executive Order 13166, Improving Access to Services for Persons with Limited English Proficiency (LEP). This Executive Order requires federal agencies receiving financial assistance to address the needs of non-English speaking persons. The Executive Order also establishes compliance standards to ensure that the programs and activities that are provided by a transportation provider in English are accessible to LEP communities. This includes providing meaningful access to individuals who are limited in their use of English. The following LEP language implementation plan, developed by CVACL is based on FTA guidelines.

As required, CVACL developed a written LEP Plan (below). Using American Community Survey (ACS) Census data, CVACL has evaluated data to determine the extent of need for translation services of its vital documents and materials.

LEP persons can be a significant market for public transit, and reaching out to these individuals can help increase their utilization of transit. Therefore, it also makes good business sense to translate vital information into languages that the larger LEP populations in the community can understand.

Assessment of Needs and Resources

The need and resources for LEP language assistance were determined through a four-factor analysis as recommended by FTA guidance.

Factor 1: Assessment of the Number and Proportion of LEP Persons Likely to be Served or Encountered in the Eligible Service Population

The agency has reviewed census data on the number of individuals in its service area that have limited English Proficiency, as well as the languages they speak.

U.S. Census Data – American Community Survey (2011-2015)

Data from the U.S. Census Bureau's American Community Survey (ACS) were obtained through www.census.gov by CVACL's service area. The agency's service area includes

a total of 3,147 (1.29%) persons with Limited English Proficiency (those persons who indicated that they spoke English less than “very well,” in the 2011-2015 ACS Census). The 2011-2015 ACS data was used due to the lack of LEP by language group data for the 2012-2016 ACS estimates.

Information from the 2011-2015 ACS also provides more detail on the specific languages that are spoken by those who report that they speak English less than very well. Languages spoken at home by those with LEP are presented below. These data indicate the extent to which translations into other language are needed to meet the needs of LEP persons.

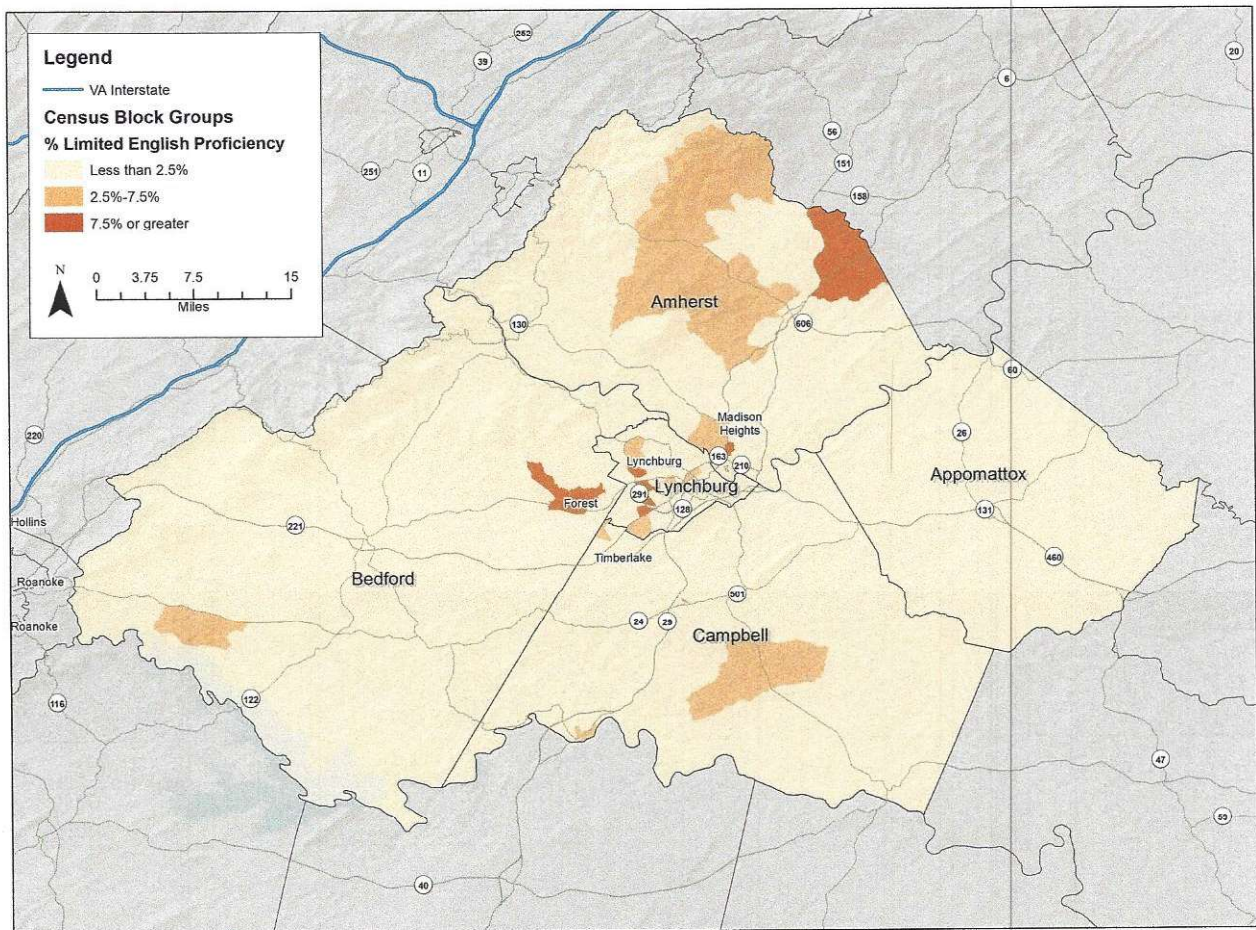

Table 1 - LEP Individuals by Language Spoken

Figure 1 maps the percentage of LEP individuals by Census Block Group. Larger percentages of LEP persons are found in Lynchburg, Forest, and northern Amherst County.

Figure 1 – % LEP by Census Block Group

Factor 2: Assessment of Frequency with Which LEP Individuals Come Into Contact with the Transit Services or System

CVACL reviewed the relevant benefits, services, and information provided by the agency and determined the extent to which LEP persons have come into contact with these functions through one or more of the following channels:

- Contact with transit vehicle operators;
- Calls to CVACL's customer service telephone line;
- Visits to the agency's headquarters;
- Attendance at community meetings or public hearings hosted by CVACL;
- Contact with the agency applying for eligibility.

We will continue to identify emerging populations as updated Census and American Community Survey data become available for our service area. In addition, when LEP persons contact our agency, we attempt to identify their language and keep records on contacts to accurately assess the frequency of contact.

Factor 3: Assessment of the Nature and Importance of the Transit Services to the LEP Population

CVACL provides the following programs, activities and services:

Transportation, Nutrition, Weatherization, Care Management, Home Delivered Meals, Options Counseling, Ombudsman/Elder Rights Advocacy, Legal Assistance, Disease Prevention/Health Promotion, Virginia Counseling and Assistance Program

Based on past experience serving and communicating with LEP persons and interviews with community agencies we learned that the following services and programs are currently of particular importance LEP persons in the community. The following are the most critical services provided by CVACL for all customers, including LEP persons.

- Safety and security awareness instructions
- Emergency evacuation procedures
- Transportation and paratransit services
- Services targeted at low income persons

Factor 4: Assessment of the Resources Available to the Agency and Costs

Costs

The agency is currently providing language assistance measures by use of bilingual staff (Spanish, German) and Liberty University Interpreting Services.

We do not anticipate any increase in costs at this time.

Based on the analysis of demographic data and contact with community organizations and LEP persons, CVACL has determined that the following additional services are ideally needed to provide meaningful access:

- Due to the scope of CVACL's services and the demographics of the service area, CVACL does not require any additional services

Resources

The resource available to CVACL is through Liberty University in Lynchburg Virginia. The program is called: Liberty University Interpreting Services (ASLIS@liberty.edu).

No dollars are currently devoted to additional language assistance expenses. At this time we do not foresee an increase in expense.

CVACL has not requested any additional grant funding for language assistance.

Feasible and Appropriate Language Assistance Measures

Based on the available resources, the following language assistance measures are feasible and appropriate for our agency at this time:

- CVACL will use Liberty University Interpreting Services (ASLIS@liberty.edu) as needed.
- Communicate with bilingual staff (Spanish, German)

LEP Implementation Plan

Through the four-factor analysis, CVACL has determined that a written Language Implementation Plan is not required at this time which is permissible under FTA Circular C 4702.1B. CVACL understands that the absence of a written LEP plan does not obviate the underlying obligation to ensure meaningful access by LEP persons to our programs or activities. When appropriate, CVACL will provide translation of vital documents, provide access to language assistance services, and provide staff training on policies and procedures related to assisting LEP persons.

Also through the four-factor analysis, CVACL has determined that the following types of language assistance are most needed and feasible:

- Translation of vital documents into Spanish if needed. These documents include:
 - Rider Handbook
 - Eligibility, and passenger policies and procedures
- Attempt to hire bilingual staff with competency in spoken and written Spanish.

Staff Access to Language Assistance Services:

Agency staff who come into contact with LEP persons can access language services by contacting Liberty University Interpreting Services (ASLIS@liberty.edu).

Responding to LEP Callers:

Staff who answer calls from the public respond to LEP customers as follows:

- Communicate with bilingual staff (Spanish, German)
- Contact the language translation service and call the person back

Responding to Written Communications from LEP Persons:

The following procedures are followed when responding to written communications from LEP persons:

- Communicate with bilingual staff (Spanish, German)
- Contact the language translation service and call the person back.

Responding to LEP Individuals in Person:

The following procedures are followed when an LEP person visits our customer service and administrative office: Note: to date, this does not usually happen. The LEP person has always been accompanied by a bilingual friend.

- Communicate with bilingual staff (Spanish, German)
- Contact our language translation service for assistance.

The following procedures are followed by operators when an LEP person has a question on board a CVACL vehicle:

- Ask for volunteer translation assistance from fellow passengers
- The driver would contact the main office and communicate with bilingual staff (Spanish, German)
- CVACL would contact the language translation service for assistance.

Staff Training:

As noted previously, all CVACL staff are provided with contact information for our language assistance service.

All new hires receive training on assisting LEP persons as part of their sensitivity and customer service training. This includes:

- A summary of the CVACL's responsibilities under the DOT LEP Guidance;
- A summary of the agency's language assistance plan;
- A summary of the number and proportion of LEP persons in the agency's service area, the frequency of contact between the LEP population and the agency's programs and activities, and the importance of the programs and activities to the population;
- A description of the type of language assistance that the agency is currently providing and instructions on how agency staff can access these products and services; and
- A description of the agency's cultural sensitivity policies and practices.

Also, all staff who routinely come into contact with customers, as well as their supervisors and all management staff, receive annual refresher training on policies and procedures related to assisting LEP persons.

Providing Notice to LEP Persons:

LEP persons are notified of the availability of language assistance through the following approaches:

- **following our Title VI policy statement included on our policy documents.**
- **through signs posted on our vehicles and in our customer service and administrative offices.**
- **through ongoing outreach efforts to community organizations, and religious organizations.**
- **staffing a table with bilingual staff at community service events of interest to LEP groups.**

Monitoring/updating the plan:

This plan will be updated on a periodic basis (at least every three years), based on feedback, updated demographic data, and resource availability.

As the community grows and new LEP groups emerge, CVACL will strive to address the needs for additional language assistance.

XI. MINORITY REPRESENTATION ON PLANNING AND ADVISORY BODIES

Title 49 CFR Section 21.5(b)(1)(vii) states that a recipient may not, on the grounds of race, color, or national origin, “deny a person the opportunity to participate as a member of a planning, advisory, or similar body which is an integral part of the program.”

CVACL has transit-related, non-elected planning boards, advisory councils or committees, or similar committees, the membership of which we select.

- Individuals are selected from anywhere in our service area from those who have expresses an interest in serving on the council.

SEE APPENDIX F- TABLE MINORITY REPRESENTATION ON COMMITTEES BY RACE

XII. MONITORING TITLE VI COMPLAINTS

As part of the complaint handling procedure, the Title VI Manager investigates possible inequities in service delivery for the route(s) or service(s) about which the complaint was filed. Depending on the nature of the complaint, the review examines span of service (days and hours), frequency, routing directness, interconnectivity with other routes and/or fare policy. If inequities are discovered during this review, options for reducing the disparity are explored, and service or fare changes are planned if needed.

In addition to the investigation following an individual complaint, the Title VI Manager periodically reviews all complaints received to determine if there may be a pattern. At a minimum, this review is conducted as part of preparing the Annual Report and Update for submission to DRPT.
